	1"	25.40mm		

All retainers are made of polycarbonate medical plastics making them:

1. Bendable for custom fit.
2. Comfortable to wear
3. Autoclavable (Sterilizable in machine)
4. Very clear
5. Will not crack in alcohol like acrylic.
6. 100% medical grade plastic.

We also carry

internally threaded

labrets & monroses.

Jewelry stones are set (crimped).

14G jewelry has reduction thread

(16G thread on 14G Jewelry)

for secure needle fit.

Very sensitive customers should use titanium or polycarbonate. Call for variety in piercing sizes & dimensions.

Products need to be autoclaved prior to piercing!

Holistic Jewelry:

1. One piece construction.
2. Easier to clean.
3. Less lost pieces.
4. Easier to change.
5. Medically correct.

Call for bulk quantity pricing.
